Subject: THIRD Request for Corporate Surety Rider, HE Davis Construction, Inc., Levan  
Chicken Creek Mine, M/023/016, Juab County, Utah

Dear Mr. Christofferson:

In a letter dated January 26, 2006, a corporate surety rider, bond number \_\_\_\_\_ was requested. As a result of non-receipt of the rider, you were contacted by telephone on February 23, 2006, and at that time made a commitment to immediately obtain the rider. As a result of the verbal commitment, Division approval of the permit was granted. Supplementary to the January 26, 2006 details required for the Rider, a company name change from HE Davis Construction, Inc. to Sunroc Corporation must be identified if there are surviving officers from HE Davis Construction Inc. to Sunroc Corporation.

Mr. Rhys Weaver was going to provide these company documents (i.e. company by-laws or Board Resolution) showing the surviving officers of HE Davis Construction, Inc. To date, they have not arrived. Please make arrangements for submittal of these documents. If they are unavailable, a large mine transfer will be required. The transfer will require adjustments to the existing surety bond, possibly including its replacement.

Please provide the original Corporate Surety rider with appropriate authority documents or a completed, original and signed large mine transfer accompanied by a complete, original, signed and notarized Sunroc Corporation reclamation contract and bond ***within twenty (20) days from the date of this letter.*** Failure to respond may require immediate reclamation of the mine site, as the mining law requires all mine sites to be adequately and correctly bonded.

If you have any questions regarding this letter or need surety details, please contact Beth Ericksen (801) 538-5318 or myself at (801) 538-5258.

Sincerely,

Susan M. White  
Mining Program Coordinator  
Minerals Regulatory Program
